Happy Holidays from Metro South CID!

New Security Cameras

During the Metro South CID's December board of directors meeting, the CID approved a partnership with Flock Security, the only automatic license plate reading (ALPR) camera system built specifically for neighborhoods, businesses and law enforcement. Under the partnership, the CID will be installing multiple cameras throughout the district.

The CID would also like to encourage its members to invest in a Flock Security safety camera to help increase safety in the area. If you're interested, visit Flock Safety's website.

Give Back this Holiday Season!

The Conley Area Business Association (CABA), located in the Metro South CID, recently donated $1,000 to Commissioner Larry Johnson's 21st Annual Tree of Love.

The Tree of Love is a holiday celebration designed to assist children living in DeKalb County who due to their current circumstances, like being in foster care or a single-parent household, may not have the resources to have a Merry Christmas. The community is invited to adopt a child's name from The Tree of Love or drop-off a gift on the following dates.
